It's about as difficult to describe these new clothes as to write about the prettiest girl at a Leap Year Party. You've got to see her with your own eyes. Maybe you'll like her—if you don't there are others. So, if one suit doesn't please you, we've another. It's a question of taste. Prices? That lies with you. The better the clothes you buy, the longer they last and the better they look while you're wearing them. But everyone prefers ours. They are best.

LIVINGSTON.

Miss Julia Chappell of Habersham returned to her home Sunday. Rev. White assisted by Rev. Disney of Barbourville, will begin a series of meetings here next Saturday. They are holiness preachers. One of our widows informed us the other day that her single days were about over and the wedding bells would soon chime and if we didn't believe it to ask T. D. Mrs. Bettie Pike has completed her school and has returned home. Miss Aggie Poyner was at Pine Hill Sunday. Mr. and Mrs. Theo Graves have returned from Paris, where they have been visiting relatives for a few days. Mrs. Lon Argenbright, of Knoxville, Tenn., is visiting relatives here and was at Mt. Vernon Saturday. A little child of Mr. and Mrs. Gabe Marshall has pneumonia. W. M. French of the long branch section is very low at this writing.

am. Ward of Chicago, who has been visiting relatives here for the past week has returned home. Miss Alice Ward and Miss Ella Mae Farley were in Brodhead Saturday and Sunday. S. C. Franklin of Mt. Vernon was in our town Saturday. Miss Tempest Ward of Brodhead, and a teacher in our school here, was with her folks Saturday and Sunday. Mrs. Ab Sparks of Mt. Vernon, was here between trains Friday. J. M. Fourie is in Paris a few days this week. Mr. I. W. Catlin was called home to Lebanon Monday, on the account of the death of his grandmother. Prof. W. R. Dickerson is talking of getting up a night school for boys at this place. Thomas Jones has been confined to his room for some time with rheumatism. Mr. Mahlan Summers is very sick at this writing.

W. O. Dilly, master of trains of the Lebanon branch division was in our town Saturday. John Overbay of near Mt. Vernon, has purchased a small farm from John Mink, price paid \$250. Mrs. Joe Mink of Richmond, visited relatives here Saturday. N. H. Oliver was in Mt. Vernon Tuesday. A. C. Carpenter was in London Monday. A Mr. Wilcott of Knoxville, has made regular trips here every Sunday for some time and we think one of our good looking widows is the attraction. On last Saturday night Miss Mabel Nicoley gave a party to her many friends, those present were Misses Ethel Hayes, Jessie Smith, Cleo Pennington, Georgia Amyx, Florence Pennington, Carrie Ponder, Nettie Rice, Ella Mae Blanford, Annie Walton, Messrs Rice, Walton, Earl Rice, Floyd Mullins, Scott Dickerson, John Clark, Walter Rice, Walter Brown, and Joe Childress all report a nice time. Well we spent a few hours in the little city of Mt. Vernon Wednesday and as we only had a couple of hours to stay we only got a partial view of the town and we are unable to give the subject justice, but will say there has been great changes made, especially in the buildings, for where once stood boxed and framed houses in their stead, now stands two and three story brick houses.

We got a glimpse of the pikes which we consider a great blessing to Mt. Vernon. It seems that all the merchants are having a large trade. We visited the store of J. Fish & Son and found those clever gentlemen busy, waiting on their trade, next we visited the establishment of S. C. Franklin and there found every thing from a horse pistol, used in the war of 1776 to a flash light. Mr. J. W. Rider who has just moved into his new house, is having a splendid trade and there we met our old friend James Maret and Old Cull was there with that jolly laugh. At some future date we intend to spend a day or two then and we will be able to picture the town better. O. D. Bryant who has been sick for some time is able to be at his post. Oscar Ponder is working at the freight house while I. W. Catlin is away. Mrs. Moss Mullins of Paris is visiting her parents, Mr. and Mrs. Allen Mounts. John Lair of Carico, was with our merchants Tuesday.

Mr. R. J. Lemons and daughter, Miss Elizabeth are in London this week. J. E. Woodall the hustling salesman of London was here Tuesday. Miss Sallie Cottongin of Pine Hill, after a weeks visit with Mrs. W. H. Cottongin has returned home. D. K. Argenbright of this place is a jurymen at Mt. Vernon, this term of court. Mr. and Mrs. Roy Cox have returned from a weeks visit with relatives at Lily. Prof. W. R. Dickerson has been in Mt. Vernon the past week.

BRODHEAD.

In our letter last week we forgot to mention the serious illness of Master Gervase Gravely of a few days previous. He had a severe attack of diphtheria, and Dr. J. G. Carpenter, of Stanford, was here in consultation with the boys father, Dr. W. E. Gravely. We are glad to report his recovery. A small child of Mr. and Mrs. Ed Farris had diphtheria a few days ago. For a time it seemed most impossible for the child to live, but finally the disease yielded to the treatment, and the little fellow is well again. Dr. Carter was the attending physician. J. E. Rawlinson, of Louisville, who was recently made Supervisor of Bridges and Buildings for the L. & N. R. Co. for this division made his first visit to our town Tuesday. He expressed his surprise at kind of depot Brodhead has, and said that he did not know of another on the whole system in a worse condition. The citizens of this place have asked the Railroad Company to give us better depot facilities, and they have ignored every appeal, not even showing courtesy of a reply, and unless the matter is taken up before spring, the Railroad Commissioners will be called on to investigate the matter. We don't mean to be the worst on the map when it can so easily be avoided. Supt. of Schools, W. A. B. Davis, was here Monday to see his daughter, Mrs. Walter Robins, who is very sick. The four months old baby of Dr. and Mrs. W. E. Gravely has a serious attack of pneumonia, and its recovery is considered very doubtful on account its age, although it is some better at this time. Misses Etta Cable and Clyde Watson were the guests of Mr. and Mrs. F. L. Durham in Mt. Vernon Saturday and Sunday. Millard Sutton and John Halcomb, of the Chesnut Ridge section have been very low with pneumonia. Misses Alice Ward and Ella Mae Farley of Livingston, were the guests of Temp and Ada Ward from Friday until Monday. Mrs. Mary Albright attended court in Mt. Vernon several days this week. Frank Ward was up from Junction City and spent several days with his parents, Mr. and Mrs. J. H. Ward this week. Miss Marguerite Tharp returned to her home at Junction City after spending a few days with her cousin, Miss Anna Cass. Misses Judith and Lena McCall are spending a few days with their sisters, Mrs. Rals Wilcott and Mrs. J. J. Albright. Walter Tuapin has been very sick for the past two weeks, but is better. Mr. and Mrs. W. O. Yadeh, delightfully entertained about twenty of their friends at a candy party, on Thursday night of last week. Those present out of town were, Misses Lena and Judith McCall of Mareburg, Walter Smith and Herbert Bell of Crab Orchard. Mrs. R. E. Albright returned home from Junction City Sunday, after spending the past two weeks with Mr. and Mrs. H. L. Tharp. Dan Cadieux was up from Junction City and spent a few days with W. C. Turpin first of the week. Misses Minnie Hiatt and Oma Brown were over from Quail and spent a few days with Mr. and Mrs. A. M. Hiatt. Mrs. Linda Benton left for Sweetwater, Tenn upon receipt of a message that her daughter, Mrs. S. L. Tate, was ill. We understand however that she is much improved at this time. J. W. Kiefer received from the Rail Way Mail department a commission, and Rail Road pass from Cincinnati to London, Ky., and he came to Livingston at once, and bring his working

clothes with him. That looks like John will soon be a real mail clerk. Every body come to the play Saturday night. It will do you good, and help a worthy cause. Don't forget the time Saturday Jan. 17th at hall over Citizens Bank. Walter Smith made his usual weekly calls this week. When a fellow comes to town about three times a week, we feel like that the attractions are becoming somewhat of a serious nature.

SOME FIRST THINGS BROUGHT TO, NAMED OR TO OCCUR IN ROCKCASTLE

"By J. M."

On Jan. 4th, 1907 the writer published a list of many "first things" in our county, such as who brought first cook stove to the county; the first sewing machine; first mower; first cast iron cane mill, etc. That list is preserved in our scrap book, probably others have done likewise. MT. VERNON KENTUCKY

BRISTOL TO LEXINGTON

[Continued from last week.]

In order to accomplish this work, Kentucky only has to do as much as Virginia, and assuming that the Kentuckians will do their share of the work with the same progressive spirit that characterizes the Virginians, the highway will be an accomplished fact within the next two or three years.

Many persons laughed at the impracticability of constructing the Memphis-to-Bristol highway across Tennessee, but that road is now about three-fourths completed while the same spirit that prompted it, has aroused the Virginians to the task of constructing a similar highway from Bristol across the Old Dominion to the national capital. The same people are also constructing a highway from Bristol to Bluefield, W. Va., and the good road enthusiasts assert that this is the beginning of what is destined to be the Bristol-to-Pittsburg highway.

Leaving Bristol, the Bristol-to-Lexington highway runs nine miles thru Washington County, Virginia, which link has just been surveyed by the state highway engineer. The funds to build this link have been provided by bond issue and private subscriptions. Scott county adjoins Washington. This county has voted bonds for the building of its link of the new highway, and work is to be commenced in the spring. Lee county, which adjoins Scott on the west, has already constructed nearly fifty miles of the new highway. This means that the Virginians have provided for 75 of its 95 miles of the Bristol-to-Lexington highway, extending to Cumberland Gap.

From Cumberland Gap, Bell County, Kentucky, has constructed a macadam road to Middlesboro, but from that town to Crab Orchard, Ky., a distance of 98 miles, the highway has not been provided for. At Crab Orchard the highway route connects with the Central Kentucky system of turnpikes, over which Lexington and other Kentucky towns may be reached.

The Bristol-to-Lexington Highway Association will take up with the county officials and with others in Kentucky the matter of pushing this undertaking to completion. It is believed, judging from information recently published concerning road legislation in Kentucky, that that state will soon be in a position to enter more actively into the work of road constructions. The building of the link from Middlesboro to Crab Orchard would be a notable triumph, since it would be the means of completing this highway direct from the southeast into Kentucky and Ohio.

It is doubtful if Kentucky could enter upon another single enterprise that would hold more of significance to the people of that state than that of building the necessary links to make a complete highway, extending from Lexington to Bristol. Not only would Kentuckians then have a direct route over the Blue Ridge to the South Atlantic states, but a familiar route eastward to Richmond, Norfolk and Washington; for the Bristol-to-Washington highway will be completed before it will be possible to construct the links to complete the Bristol-to-Lexington road.

For a direct route between Kentucky and the Middle West, the Bristol-to-Lexington Highway is absolutely essential, and that the Kentuckians appreciate this is not to be doubted for a moment. Travel from the Middle West to the Southeast in automobiles can

be only by circuitous routes, losing much in time and adding to the expense in a way to make it wholly impracticable.

Following are the officers of Bristol-to-Lexington Highway Association:

Mr. J. H. Wolfe, President, Speers Ferry, Va.; Mr. N. B. ReMine, Sec'y., Bristol, Va.; Hon. C. T. Duncan, Jonesville, Lee Co., Va.; Hon. Jackson Morris, Pineville, Bell Co., Ky.; Hon. F. D. about profits.

The weather man has been kind to you in one way, while he has been very unkind to us - he has made it possible for you to save money, while making it necessary for us to take the loss.

Berating the weather man will do us no good - we must take our medicine, we must get money out of the merchandise that was bought to serve you in cold weather - there will be cold weather but unfortunately for us we cannot wait for it - we have too many winter goods to sell.

Prices must tell the rest of the story and we intend to make them work overtime - two dollars will do the work of four (for you) from now until our stocks are in the cash drawer.

W. T. Todd the barber, is gradually improving.

Mrs. Sam McCure was reported very sick yesterday.

Mr. and Mrs. T. G. Reynolds were over from Wildie Monday shopping.

Mrs. Soroule and Mrs. Rita Brown were here from Brodhead Wednesday shopping.

Mrs. Gardner of Elizabethtown is spending the winter with her daughter, Miss Evelyn Gardner in Mt. Vernon.

While here serving on the Jury F. P. Robins has been a cool customer of our splendid dentist, Dr. P. H. Conover.

We are glad to see Cashier A. B. Farnish out again after being confined to his room for nearly two weeks with mumps.

Mr. D. R. Brock is with his daughter, Mrs. E. S. Albright for a few days and attending the revival at the Baptist church.

Supt. W. A. B. Davis was called to Brodhead, last Monday evening on account of the illness of his daughter, Mrs. Walter Robins.

Mrs. B. J. Bethurum came over from Somerset Saturday, to visit relatives and be with the Judge, while he is here holding court.

LOCAL

A little cash makes a big noise at Fish's.

If you are a bit particular about the quality look for the Fish label Jesse Orton is the new janitor and handy man around the Court House.

Maslin & Cox, barbers, will occupy the west room of the Rider building.

"Homidy" DeBord was fined \$60. each, in two cases for selling or procuring whiskey.

The Rider store is now located in the East room of the new Hotel Boone Way.

Prof. Jesse Fish is teaching a subscription school at Medical Springs, near Wildie.

L. M. Davidson's store, on the East side, was broken into and about \$25. worth of goods stolen a few nights since.

W. G. Hysinger and Dave Talbot took 1500 pounds of tobacco to Richmond, Monday, for which they received 9 to 14 cents.

No chance for a mistake, when you use Pioneer Self Rising Flour. For sale by J. F. GRIFFIN.

Claude C. Cox has resigned as Assistant Cashier of the Peoples Bank and Charley Thompson has accepted his place. Mr. Cox has not decided just what he will do.

The revival at the Baptist church is drawing large crowds at each service. Rev. Don Q. Smith is doing the preaching, assisted by the pastor, Rev. D. Edgar Allen.

The case against Parks Reynolds, charged with the killing of Bob Childress was continued after the jury had been selected. This case was brought to Rockcastle from Pulaski county on a change of venue.

C. A. Blanford, agent, and Will Owens, the valued Signal reporter of Livingston, were here court- ing Wednesday. Mr. Owens made a purchase of a fine 27 jeweled Kentucky Wagon Works movement watch from watch inspector Franklin, while in town, to replace one he had lost sometime since on a wager as to his standing with the ladies. Franklin claims that he passed off on Will a \$1. Inger soil watch for a 21 jeweled high grade movement.

Every man knows something he will not tell.

No back talk with Table Talk flour. For sale by J. F. GRIFFIN.

W. H. Jones is just completing one of the best store buildings in the county on the site where he has done business for many years at Wildie.

K. J. McKinney bought of R. B. Mullins his farm near Mareburg. Mr. Mullins took in the two residences of Mrs. McKinney on West Main.

G. T. Johnson has exchanged his concrete store building on West Main to Judge Griffin for his Newcomb Ave. residence and will move to it soon.

Dr. W. D. Laswell and Miss Ball, of Berea, were married yesterday. The wedding took place at Berea. They returned to Mt. Vernon yesterday afternoon.

G. T. Johnson has bought a lot at Orlando, is having a store room erected and as soon as completed will go there and engage in the mercantile business. George sold goods there several years ago.

"A couple" said Mrs. Simpkins "got married a few days ago" after a courtship of fifty years. "I suppose," replied Mrs. Simpkins, "the poor old man had become feeble to hold out any longer."

Much credit is due the present Grand Jury for the way they have gone after the bootleggers. We hope to live to see the time when all vendors of this damnable stuff will be put out of business for good and come.

The Commercial Club had a very enjoyable and enthusiastic meeting Tuesday evening. Judge L. W. Bethurum, Co. Atty. E. R. Gentry and Chas. C. Davis gave interesting talks on subjects assigned them which was followed by a nice lunch. Join the club and be a "Booster."

The oldest business house in Mt. Vernon is that of Miss Kate Moore; groceries. Was established by her brother J. W. Moore in the early 70's, something over forty years ago. Jonas McKenzie's general store is next oldest business house in town. He began business at his present stand twenty five years ago; the firm being Thompson & McKenzie.

METEOR. While on her way home, near Buckeye, from town, Monday afternoon Mrs. G. C. Fish witnessed the flight of an immense Meteor, the course of it being from Northwest to Southeast. Its brightness was almost blinding and its passage consumed something like six or seven seconds before it disappeared and seemingly fell somewhere near Cove or Pleasant Valley, two miles away.

EXAMINATIONS SET FOR

130 POSTMASTERSHIPS

Examinations for fourth class Postmasterships will be taken at 130 different Ohio towns from Feb. 7 to 14. Kentucky will hold examinations at 75 different points from Feb. 7 to 25. U. S. Civil Service Secretary Earhart, of Cincinnati, will be in charge. He has been instructed that preference in appointment will be given those now Postmasters.

There is not a merchant or business man here today who was doing business in Mt. Vernon 35 years ago and only one professional man remains. The following have passed "over the river to rest under the shade of the trees."

J. F. Clark, J. W. Moore, Wm. Weber, J. J. Williams, M. C. Miller, Jack Adams Sr., and Jr., J. L. Joplin, H. C. Carpenter, Charles Kirtley, J. E. Allen, M. F. Brinkley, James Houk, L. M. Houk, M. J. Miller, Geo. B. Bragg, M. R. Moore, Mrs. Sarah Welsh, D. N. Williams, Wm. Fish, S. M. Burdette and Judge Geo. W. McClure. Some of those who moved away were: Dr. S. W. Brown, Houston, Texas, Dr. W. P. McKee, some point in Florida; W. T. Brooks, Paris, Ky.; L. M. Frazier, Indianapolis; R. B. Stanley and Sam'l Barton, address unknown; John Watson. Brown is the only professional man who remains with us that was practicing law in 1874 when the first Signal was published. Mr. Vernon He deserted us once for a time to spend three or four years in the Southwest on the Mexico border.

MT. VERNON'S LEADING CLOTHIERS

ALL AROUND the CORNER Next to COURT HOUSE

San Diego, Cal., Jan. 16 14.

Former expositions have shown wild men and women from the Antipodes, but it has remained for the San Diego Exposition to find a whole nation of wild men within the borders of the United States, a whole vast area where nothing has progressed since before the invasion of Mexico by Cortez in 1517. This area is in northeastern Arizona, and the Santa Fe Railway will cover ten acres of ground at the Exposition as close a copy of this country as is possible to produce. This locality is known as the Painted Desert. Its a land where no white man has dared attempt agriculture or mining, where there is nothing but the Indian, his ancient civilization unaltered, living in six story houses of 100 rooms without an outside door, doing the same things in the same way his forefathers did for centuries before white men came to America.

Comparatively few white men have penetrated this district. None has remained there. At long intervals a scientist has penetrated the fastnesses of the red and yellow hills. Indians emerge from it occasionally but they invariably return. Their homes are the identical buildings erected many centuries ago. Their pottery is the same, used for the same purpose and in the same rude manner. Their customs and tribal laws remain unchanged since when no man knows to the contrary. They irrigate small patches of grain just as did their forefathers. The country repels even the hardy prospector. Trees, except those petrified into stone, are not seen. No two hills are of the same color. The very rocks are variegated in hue. The pitiless sun scorches all vegetation encouraged by the winter and spring rains.

Members of the Santa Fe exploring party declare the Painted Desert rivals the wonderful Grand Canyon of the Colorado in grandeur and beauty of scenery. A second party has been sent into it to gather material for the great exhibit the railway will install at the San Diego Exposition, to contain everything possible to bring from that region, a territory that seems to have been forgotten by Nature herself.

All kind of cleaning, pressing, hat blocking, dyeing and repairing done at a reasonable price. Opposite Court house.

Mt. Vernon's Needs In Sanitation

By Dr. A. G. Lovell.

Thru the columns of your paper
as the best medium by which the
greatest number of our people can
be reached, I beg to be permitted
to send an important message to
those who are most vitally con-
cerned, and in plain simple lan-
guage so that every one who reads
may understand.

The town of Mt. Vernon is face
to face with a problem of serious
importance; one that must be recog-
nized and solved or dire conse-
quences will be the inevitable re-
sult.

It has been the boast of Mt.
Vernon for generations that her
water supply was ample and of
the purest and best. Formerly
this was true, but many changes
have come to this place within the
last decade. This valley thru
which our whole system of water
supply comes, has filled up with
residences and manufacturing
interests. With this rapid growth
of the town, amounting to 121 per
cent between the census years of
1900 and 1910, comes the contam-
inating influence that invariably
follows such conditions as we find
confronting us now.

We have had twelve or more
cases of typhoid fever with one
death in our midst within a few
months, something unprecedented
in the history of the town. Yet
this is only a mild hint of what is
in store for us if we heed not the
warning.

A glance at the topography and
geology of the valley gives the
key to the whole matter.

The town is built immediately
over a cavernous limestone forma-
tion which rests on a solid compact
magnesian limestone that forms
what is called a water table. All
the moisture from rainfall and
otherwise that comes into the
ground and upper strata of lime-
stone finds its way down to this
water table and passes off thru
springs or supplies our wells.
These streams formerly so pure
and refreshing, are now by seep-
age from stables, privies, and
other filthy protruding sources,
which comes down thru crevices,
concealed caves and the soil, carry-
ing seeds of diseases and death.

The remedy is, clean up and
keep cleaned; and establish a
water system that can be depended
upon. The first should be done
thru ordinance so far as the town
limits go and apply the statutes
for such other regulations as may
be required. All surface privies
privy vaults, improperly kept
stables and garbage accumulations
should be declared nuisances per
se with direct methods of dealing
with them, stripped of all red tape
and delays, tempered with dis-
cretion. Septic tanks should be
required in residences without ex-
ception in all places where closets
are needed. They are cheaper
and better than sewers costing
only a small fraction of a case of
typhoid fever.

A system of water works can be
inaugurated here cheaper than al-
most any other town in Kentucky;
the water sterilized and supplied
to your residence for less money
than you can possibly obtain thru
a well of your own; when consid-
ering the elimination of dangerous
typhoid germs. Until this can be
done it is advisable that all water
for domestic uses be boiled and
that every citizen be "vaccinated"
against typhoid fever. This is
simply and easily done (if you
know how) and renders you im-
mune for a period of three to five
years. The doctor should arm
himself with a special needle made
for the purpose and use the medi-
cine three times, covering a
period of 21 days.

WORMS THE CAUSE OF YOUR CHILD'S PAINS

A foul, disagreeable breath,
dark circles around the eyes, at
times feverish, with great thirst,
cheeks flushed and then pale, ab-
domen swollen with sharp cramp-
ing pains are all indications of
worms. Don't let your child suffer
—Kickapoo Worm Killer will give
sure relief. It kills the worms—
while its laxative effect add great-
ly to the health of your child by re-
moving the dangerous and dis-
agreeable effect of worms and par-
asites from the system. Kickapoo
Worm Killer as a health producer
should be in every household.
Perfectly safe. Buy a box to day.
